Profile

Tech-driven problem solver. Machine learning, data analysis & project management pro. Enthusiastic about AI, neural networks & cloud computing.

Technical Skills

Machine Learning — Proficient   **Data Science** — Competent

Artificial Intelligence — Competent   **Computer Vision** — Amateur

Interpersonal Skills

Communication Skills — Proficient   **Project Management** — Proficient

Leadership Qualities — Proficient   **Decision Making** — Competent

Accomplished projects

Vision Assistant
Utilizes Python, YOLOv5, OpenCV, and more for object detection, place recognition, and voice interaction with GPT-3, enhancing accessibility for visually impaired users.

Student Information System(SIS)
Utilized Python for analyzing student performance data, creating visualizations, developing predictive models for academic insights, and integrating them with datasets using LangChain, culminating in hosting on Streamlit for accessible presentation.

Internships

2022/10 – 2022/11	**Full-Stack Web Development**	
Belagavi, India	TEQUED LABS	
2023/10 – 2023/11	**AI, ML and Data Science with Python**	
Belagavi, India	EyeSec Cyber Security Solutions Private Limited	

Awards

1st place
Angadi Institute of Technology and Management
Secured First Place in Ingenious Project Exhibition
Project: Vision Assistant

1st place
KLE Technological University
Attained First Place in Meta Hack conducted in KLE Tech university
Project: Virtual Mouse

1st Place
Jain College of Engineering
Won First place in Techventure Fiesta in Ideathon.
Topic: Ed-Tech

Education

Belagavi, India	**10th**	
	Amrita Vidyalayam	
Bengaluru, India	**12th (PUC)**	
	Sri Venkateswara PU college	
Belgavi, India	**B.E (Bachelor's in Artificial Intelligence and Data Science)**	
	Angadi Institute of technology and management, VTU	

Declaration

I affirm that the information provided herein is accurate and complete to the best of my knowledge and belief.
